

Self-check-in

Simplified

CHOPIN
HK Series

is a space-saving self-service hotel check-in/check-out kiosk for table or counter use. It is designed to assist hospitality applications in reducing queues, freeing hotel staff from repetitive tasks and increasing customer satisfaction.

WALLMOUNT
Design with a value

With this kiosk designed for outdoor use, your hotel guests are given the option of 24/7 check-in at any time of the day or night. Not only does this save you a great deal of effort and staff deployment, but your guests are also flexible and do not have to comply with queues or opening hours.

STELLAR
TK-2100 Series

is a modular kiosk that can adopt to the specific environment to reinforce the branding or identity of the hotel. Specially designed for various self-service applications, this kiosk can be equipped with multiple transaction components providing versatile performance.

BACH KIOSK

The BACH HOTEL 21.5" Modular Kiosk offers 24/7 self-service check-in/out, reducing wait times while ensuring privacy and efficiency. With a 21.5" touch display, payment integration, ID scanner, room card dispenser, and QR code reader, it delivers a seamless, fully automated reception experience.

MODULAR KIOSK

The Modular Kiosk with a 15.6" full-HD touch panel supports wall, desk, or pole installation for seamless hotel check-in, payment, and keyless door access (PIN-code). The ID-Scanner Pole option adds an ID scanner, key-card dispenser, and printer (Italy fiscal option available).

MOBILE KIOSK

The Mobile Kiosk features a slim, lightweight design with an 18.5" full-HD touch screen, webcam, QR-code & NFC reader, payment integration (S1U2, IM30), printer (fiscal option), Wi-Fi, RGB-LED, and audio system. Ideal for mobile info systems, video calls, ticketing, and QSR orders, it offers wall, desk, or pole mounting for maximum flexibility.

DISPENSER KIOSK

The Dispenser Kiosk enables a fully digital hotel check-in via mobile or web, generating a QR code for guest identification. With a 15.6" full-HD touch screen, it automatically dispenses room cards upon scanning. Its slim, modern design fits on a desk or sideboard, with a pole option available.

SUITE K-BOX
Your 24/7 key delivery service!

The Suite K-Box is a secure, self-service key management system designed for 24/7 key pickup and drop-off. With a compact, modern design, it features PIN or QR-code access, remote management, and automated key dispensing, ensuring convenience, security, and efficiency for hotels, rentals, and businesses.
